Principal's foreword

Introduction

Mackay North State High School is a high performing school with a proven record of academic, cultural, sporting and citizenship excellence. Students who attend Mackay North have the opportunity to excel across a variety of areas and participate in a number of rewarding extra-curricular activities including international and domestic Marching Band tours, performing arts productions, international ANZAC tours and a range of other sporting, academic and cultural excursions.

Mackay North prides itself on the achievement of our students in a range of different fields, and allows all students the opportunity to succeed in their chosen pathway. Our values of respect, resilience and confidence are embedded into our curriculum and delivered and modelled to students by our team of committed teaching and non-teaching staff. Community involvement is strongly encouraged and the dedication of our students is visible both in the classroom and through their involvement in extra-curricular activities. In particular, Mackay North is noted for its Music Excellence program.

School progress towards its goals in 2015

In 2015, the key priorities were writing, reading, and numeracy, and curriculum implementation, high quality teaching practices, staff development, Year 7 transition / Junior Secondary, senior schooling, and whole school attendance. Considerable progress was made towards these goals in 2015.

Writing and Reading:

In 2015 Mackay North continued its whole school focus on literacy through the 'Read On, Write On' initiative. Selected students were also able to extend their literacy skills through the STELLAR program, while Learning Support students participated in the FastForWord program.

Numeracy:

Numeracy continues to be a success area for Mackay North students. High expectations from the start of high school enable students to achieve great results in NAPLAN and in their numeracy based subjects.

High quality teaching practices:

Mackay North's pedagogical framework has been developed around the Art and Science of Teaching (ASOT). This model allows teaching staff to further enhance and improve their teaching practices using evidence based practices. Teachers are also able to align this framework to the Australian Institute for Teaching and School Leadership (AITSL) standards to ensure our students are receiving the best education.

Staff development:

Staff across the school are afforded a range of opportunities around professional development both at school and off campus. This professional development is always linked to one of our key improvement areas (above). Staff are also guided by the Developing Performance Framework in developing a performance plan in consultation with their line manager.

Year 7 transition and Junior Secondary:

With the introduction of Year 7 into high school in 2015, there have been a number of changes within the school to assist in the transition of our youngest students. Prior to the start of the school year, the students attended information evenings, school tours and transition days where they were provided with important information to begin their high school journey. Classes were scheduled in the Junior Secondary Precinct, which is a space where only on Year 7 (and Year 8 in 2015) are permitted to use. Transition to high school was also assisted by allocating the same English and Social Science teacher, and the same Maths and Science teacher to each of the students to reduce the number of different teachers in their first year. All students are engaged in a well-being program. Our Junior Secondary School Head of Department oversees Year 7 transition along with the junior year level coordinators.

Senior Schooling:

Students in the Senior School undergo an Academic Review Process biannually. This process facilitates the tracking of all our senior students towards achieving a Queensland Certificate of Education (QCE) or a Queensland Certificate of Individual Achievement (QCIA), and an Overall Position (OP). Each student in year 11 and 12 meets with a curriculum leader to identify their successes and areas for improvement. There is also a thorough Senior and Education Plan (SETP) process that Year 10 students undergo in the lead up to Year 11 subject selection. Consequently, there has been an improvement in the QCE outcomes for our senior students.

Whole School Attendance:

Mackay North has a comprehensive whole school attendance policy. Student attendance is closely monitored by Homegroup teachers. Each year level at Mackay North has its own Year Level Coordinator. This person oversees the attendance for their year level and liaises with Deputy Principals and key support staff in the school, including two Guidance Officers, Youth Support Coordinator, Chaplin and Nurse. Attendance patterns are identified and action is taken to improve attendance.

Future outlook

In 2016 we have identified a number of priority areas. These include:

- 1. Writing: improving our performance and practice across the whole school
- 2. High quality teaching practices: further improving our practices through ASOT
- 3. Student outcomes and curriculum delivery: aligning our curriculum and developing our whole school curriculum and assessment plan
- 4. **Whole School Attendance**: improving our rates across the school, particularly for those students who have an attendance rate less than 85%
- 5. **Numeracy**: improving our performance and practice across the whole school

Our school at a glance

School Profile

Coeducational or single sex: Coeducational

Independent Public School: No

Year levels offered in 2015: Year 7 - Year 12

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2013	1486	769	717	128	91%
2014	1438	731	707	132	92%
2015	1395	735	660	147	93%

Student counts are based on the Census (August) enrolment collection.

In 2015, there were no students enrolled in a Pre-Prep program.*

Characteristics of the student body:

Our student body is diverse and representative of a wide range of characteristics including Indigenous students, students with special needs, ESL students and international students. Mackay North is an Education Queensland International school who accepted a number of enrolments from overseas students. Mackay North in an inclusive school who enrol students from a variety of cultural backgrounds.

Average class sizes

	Average Class Size		
Phase	2013	2014	2015

Prep - Year 3

Year 4 - Year 7 Primary

^{*}From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

^{*}Pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html).

	Average Class Size	Average Class Size		
Phase	2013	2014	2015	
Year 7 Secondary – Year 10	23	23	22	
Year 11 – Year 12	18	18	19	

^{*}From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

School Disciplinary Absences

	Count of Incidents		
Disciplinary Absences	2013	2014*	2015**
Short Suspensions - 1 to 5 days	134	265	217
Long Suspensions - 6 to 20 days	46	2	14
Exclusions	4	2	5
Cancellations of Enrolment	3	12	10

^{*} Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

Curriculum delivery

Our distinctive curriculum offerings

At Mackay North we have implemented the Australian Curriculum across Years 7 to 10. Our senior subjects align with the Queensland Curriculum and Assessment Authority requirements.

We also offer a range of additional subjects that allow our students to excel. These subjects include Music Excellence, Art Excellence, the STELLAR program (literacy), Extension Mathematics in Year 10. Students also have the opportunity to be selected for enrolment in the Mackay Engineering College.

Students with learning difficulties and students with disabilities are also supported at our school through a range of tailored programs and learning support classes.

Extra curricula activities

Our distinctive extra-curricular offerings include a strong instrumental music program which involves over 200 students in tuition and membership of a large number of ensembles or bands. The signature ensemble is the Marching Band which is a unique group in Queensland incorporating percussion, woodwind and brass along with a choreographed banner routine. Other Performing Arts include – Rock Pop Mime, Drama productions, Rock Eisteddfod and school concerts.

Our school has a strong sporting tradition with many opportunities to participate in team or individual sports for all year levels. The Annual Sports Awards Night is a special part of our school calendar, recognising the success and achievements in sport each year.

The nationally recognised ANZAC commemorative tours are held biennially, for senior students to visit Gallipoli, France, Belgium and

Singapore.

Other extra-curricular activities include:

- F1 in schools
- Debating
- Public speaking competitions
- Chess
- Camps and Excursions
- Academic competitions

^{**}From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

How Information and Communication Technologies are used to assist learning

The school has a number of designated computer classrooms located throughout the school. A structured replacement plan ensures all computers are replaced on a four year cycle. There is a planned replacement schedule in place for all ICT equipment.

A 'Bring Your Own Device' program (BYOx) was introduced for Junior Secondary students in 2015, where students were required to bring their own iPad. Professional development for staff was delivered to staff in 2015. In 2016, the school has moved to a BYOx program for all students. Equity devices are available for families who are experiencing financial difficulty.

Mackay North State High School has a high speed 20Mbs optical fibre internet link. Nine classrooms have interactive whiteboard capability, and every general learning area has either interactive whiteboard or data projector.

This high level of ICT infrastructure and hardware is supported by the school employing a full time technician, a T/A technician and an additional T/A to monitor ID Attend.

The software provision in the school also enables all printing to be logged and charged to the user using Papercut software.

To develop the use of ICT into the classrooms there is regular opportunities for staff to access training in eLearning skills and approaches conducted by our ICT HOD and Technician. Many teachers use the Learning Place to enhance student learning.

Students may choose from a range of subjects that use technology, however, the use of digital pedagogies is embedded across subjects e.g. the use of graphics calculators in Mathematics, or working with cutting edge software in Industrial Technology and Design subjects. A number of iPads have been purchased to assist students in the Special Education department.

Social Climate

The welfare of students and the social climate of our school is underpinned by a network of student support. Members of the Executive team take responsibility for designated year levels and work closely with the Year Coordinators of their year level. Year level activities to build school spirit and a sense of identity within their year level are led by this team, as well as monitoring the behaviour, welfare and progress of these students.

Heads of Department support the teachers and students in their faculty and assist with classroom related issues, identify underachieving students and ensure that the curriculum programs meet the needs of their students.

The Student Council, led by Year 12 students who are elected by the student body together with the Home Group and Year Level representatives, provides active leadership to the students and contributes to fundraising, supporting charities and providing input into school decision making.

Students and parents report that the wide range of extra-curricular activities which are on offer for our students are a significant addition to our school's social climate. Through sport, cultural activities and the Student Council, our students work cooperatively with other students from different year levels and different backgrounds. This adds value to their educational experience.

Guidance Officers support students through counselling, assisting students to set positive goals and by referral to other support agencies when appropriate e.g. the Youth Support Coordinator and Youth Mental Health officers.

The school has a Community Education Counsellor, a Chaplain, a School Based Youth Health Nurse, and a School Based Police Officer - all part of the network of support for students.

Parent, student and staff satisfaction with the school

Performance measure			
Percentage of parent/caregivers who agree# that:	2013	2014	2015

^{# &#}x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. DW = Data withheld to ensure confidentiality.

Parent and Community Engagement

Parent input is encouraged and fostered in many different ways. The P and C is active in establishing a register of skills and interests and this is useful for the school's operations. Involvement in decision making concerning curriculum matters may occur in a variety of ways.

General communication with parents and caregivers occurs through fortnightly newsletters which are emailed to parents and also published on our website. Parents are encouraged to phone or email the school with specific concerns and there is a dedicated absence phone number to make the reporting of student absences more convenient.

Parent opinion is sought through the School Opinion Survey, through special purpose surveys in the newsletter and through phone calls on specific topics. Overall, we receive strong support from our parent body and have continues to maintain a good reputation in the community. A range of forums is used to encourage parent participation in school activities and in their children's education. These include:

- Monthly Parent and Citizens' Meetings
- Projects Committee Meetings
- Attendance at school functions such as Annual Fair, Awards Presentation Nights, ceremonies, cultural and sporting
 events
- Individual meetings and contact
- Letters of congratulations at the end of each Semester
- Parent-Teacher interviews (twice per year)
- · SET plan interviews
- Participation in Year 10, 11 and 12 Information Evenings

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Efforts have been made in 2015 to reduce our school's environmental footprint. Data re electricity, paper and water usage is shared with the staff. Air Conditioning units are turned off in terms two and three. Our staff also utilise recycling bins.

	Environmental footprir	nt indicators
Years	Electricity kWh	Water kL
2012-2013	912,525	8,613
2013-2014	912,166	9,589
2014-2015	873,984	3,631

^{*}The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Our staff profile

Staff composition, including Indigenous staff

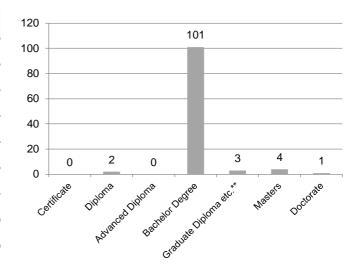

2015 Workforce Composition	Teaching Staff*	Non-teaching Staff	Indigenous Staff
Headcounts	111	44	5

Full-time equivalents 106 34 <5

Qualification of all teachers

Total	111

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2015 were \$64 916.86.

The major professional development initiatives link directly to our Explicit Improvement Agenda (EIA) and include:

- Whole school literacy
- Whole school numeracy
- Whole school pedagogy (ASOT)
- ICT implementation
- Student well-being
- Curriculum (subject specific training)
- Mandatory training / WHS

The proportion of the teaching staff involved in professional development activities during 2015 was 100%.

Average staff attendance	2013	2014	2015
Staff attendance for permanent and temporary staff and school leaders.	98%	97%	98%

Proportion of staff retained from the previous school year

From the end of the previous school year, 94% of staff was retained by the school for the entire 2015 school year.

School income broken down by funding source

School income broken down by funding source is available via the My School website at http://www.myschool.edu.au/.

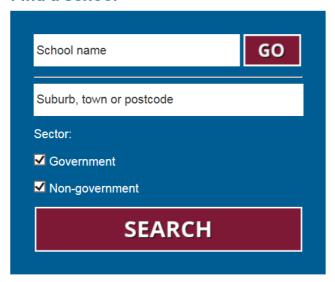

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

^{*}Teaching staff includes School Leaders

^{**}Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Find a school

Where it says 'School name', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the Terms of Use and Privacy Policy before being given access to the school's *profile* webpage.

School financial information is available by selecting 'School finances' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of income by funding source.

Performance of our students

Key student outcomes

Student attendance	2013	2014	2015
The overall attendance rate for the students at this school (shown as a percentage).	90%	90%	90%
The attendance rate for Indigenous students at this school (shown as a percentage).	84%	83%	83%

The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall attendance rate in 2015 for all Queensland Secondary schools was 90%.

Student attendance rate for each year level (shown as a percentage)													
	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2013									93%	90%	89%	90%	91%
2014									90%	88%	88%	90%	91%
2015								93%	92%	89%	88%	90%	89%

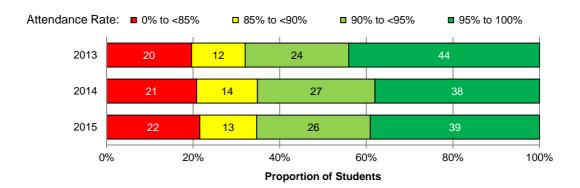

^{*}From 2013, the-methodology used for calculating attendance rates effectively counts attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student attendance distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

The school has a whole school attendance policy which explains the expectations for students, parents and staff around attendance. There are processes and support in place for students who have difficulty attending school. The attendance of every student is monitored as per the Attendance Policy and the data is analysed on a daily basis. Homegroup teachers and Year Level Coordinators work together to track attendance. Proactive measures are also taken to encourage attendance at school everyday.

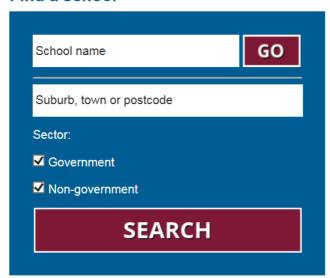

Teachers mark all class rolls electronically on ID Attend. SMS are sent to parents of students who arrive late or who are not marked present in the morning. Parents are notified when a students has a low attendance rate and students with extremely low attendance rates are case managed by the student services team and a Deputy Principal.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7, and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at http://www.myschool.edu.au/.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

2014	119	83	32	
2015	128	109	16	

As at 16 February 2016. The above values exclude VISA students.

Certificate courses are offered to our senior students in the areas of Hospitality, Business, Tourism, Information Technology, and Self Awareness. Students who attended the Mackay Engineering College are enrolled in a Certificate I in Engineering.

Post-school destination information

At the time of publishing this School Annual Report, the results of the 2016 post-school destinations survey, Next Step – Student Destination Report (2015 Year 12 cohort) for the school were not available. Information about these post-school destinations of our students will be uploaded to the school's website in September.

Early school leavers information

Students who leave the school prior to the completion of Year 12 include those who have been offered apprenticeships, traineeships or full employment. A proportion of students leave to enrol in full time courses at TAFE. Other students leave as a result of their family's transfer to another district interstate.

The destination of students who leave Mackay North are tracked and recorded on a database. Students who require assistance are case managed by our student services team.
